**Description:**

- Splash screen.
- May implement loading bar if app loads slowly.

A login screen mockup with a light blue background. At the top center is a large grey placeholder text "(logo)". Below it are two white input fields with rounded corners. The first field is labeled "Enter Email" and the second is labeled "Password". Below the input fields is a green rounded rectangular button with the text "Login" in white. Underneath the button are two lines of text: "Don't have an account?" and "Forgot password?". At the bottom, there is a label "Sign in automatically" followed by a checked checkbox containing a blue checkmark.

**Description:**

- Login screen that includes a link to a view for account creation and a view for recovering one's password.
- "Sign in automatically" check box allows the app to remember one's password.

A mobile application screen for password recovery. The background is a solid light blue. At the top, there is a light gray rounded rectangular input field with the placeholder text "Enter Phone Number". Below this field is a bright green rounded rectangular button with the text "Recover". In the center of the screen, the text "You will get a text message containing your password!" is displayed in a bold, dark gray font. At the bottom, there is a dark blue button with a white arrow pointing to the left and the text "Back".

## First, a little info:

Are you a user or an organization?

☒ User ☐ Org

What is your valid email address?

Enter a password of at least 6 characters:

**Description:**

- Intro screen that only appears when a user first creates an account.
- Used to add necessary data to a users account such as organization type, email, and password.

The image shows a mobile application screen with a light blue background. At the top, the text "Just a bit more:" is displayed in a bold, dark grey font. Below this, there are two input fields: the first is labeled "Enter Organization Name" and the second is labeled "Address". Both labels are in a bold, dark grey font. Below the "Address" field, the text "What best describes your organization?" is displayed in a regular, dark grey font. Underneath this text is a dropdown menu with the label "Category" and a downward arrow. The dropdown menu is open, showing four options: "Sports", "Nightlife", "Food", and "Custom". At the bottom of the screen, there is a green button with the text "DONE!" in white, bold, uppercase letters.

**Description:**

- Whenever an event is clicked on, this View shows the currently set details such as the description, address, and other statistics about the event.
- Can also be edited in real time if the event has to be changed.

The image shows a mobile application interface for adding a new event. The background is a solid light blue. At the top center is a square placeholder for an image, indicated by a light blue square with a brown border and a brown 'X' inside. Below this are three input fields: a single-line text field labeled 'Event Name', a larger multi-line text area labeled 'Event description', and a single-line text field labeled 'Tags:'. Each input field has a light gray border and a light gray background. Centered below these fields is a rectangular button with a light gray background and the text 'Add'. At the bottom of the screen is a horizontal navigation bar with three buttons: 'Events', 'New', and 'Settings'. The 'New' button is highlighted in a bright blue color, while 'Events' and 'Settings' are in a medium gray color. All text in the interface is in a clean, sans-serif font.

**Description:**

- Whenever a new event needs to be made, this View appears, allowing an image, event name, event description, and tags to be added.

The image shows a mobile application interface for managing an organization's settings. The background is a light blue gradient. At the top, the word "Preferences:" is centered in a bold, dark grey font. Below this, there are three input fields: "Organization Name", "Organization Address", and a "Category" dropdown menu. The dropdown menu is open, showing four options: "Sports", "Nightlife", "Food", and "Custom". Below the input fields, the word "Stats:" is centered in a bold, dark grey font. Under "Stats:", there are two columns of data: "User view count" with the value "1234" and "Event count" with the value "7361". At the bottom of the main content area, there is a red button with the text "LOGOUT". At the very bottom of the screen, there is a navigation bar with three buttons: "Event", "Add", and "Settings". The "Settings" button is highlighted in blue, while the others are grey.
